

Fall/Winter Collection 2027-2028

Highlights

Nowadays all the world of communication is focused on the theme of sustainability in all its forms and facets.

Reaching this goal , 3C Company offers:

- raw, bleached, piece-dyed or ready-to-garment fabrics, made entirely with organically grown cotton yarn, GOTS certified

We have been certified GOTS

CERTIFIED BY ICEA GOTS-11204

-fabrics made with colored cotton/polyester yarn, regenerated by fraying scraps.

-NEW: bleached and piece-dyed fabrics made with 100% regenerated cotton, such as single jersey and fleece, as well as double in mixed weaving with recycled nylon.

The presence of wools worked with polyamide and cotton recalls the historical traditions of winter products.

We also have 100% piece-dyed wool, fulled and decatized, resulting in outerwear.

The pattern is proposed in jacquard fabrics, embossed and plain with interventions in Lamè and in plain and striped "aercore" tubes, with a lamè face.

Full-bodied "space" elasticized also two-tone reversible for sweatshirts and outerwear.

The pattern is offered in jacquard fabrics, embossed and plain with lamé inserts and in plain or striped "aercore" tubular fabrics, with a lamé side.

Last but not least , New stretch "**space**" fabrics , also two-tone reversible for sweatshirts and outerwear.
